

# Create a medical certificate of cause of death

## A design history

### Prototype version 9

Link to prototype: [GOV.UK page template - Medical Certificate of Cause of Death - GOV.UK Prototype Kit \(mccd-govuk.herokuapp.com\)](https://mccd-govuk.herokuapp.com)

---

### New questions (as of 30/10/2023)

What is the deceased person's NHS number

[< Back](#)

Deceased person's details

**What is the deceased persons NHS number?**

Enter NHS number

Save and continue

This is a new screen. NHS number is new stakeholder requirement and will be used as another form of identity.

#### Design

This iteration was made to incorporate a new question from the question protocol.

The design uses an NHS text input pattern.

---

What is the deceased person's name?

[< Back](#)

Deceased person's details

## What is the deceased person's name?

First name

Middle name/s (optional)

Last name

Save and continue

### Design iteration

An optional middle name field has been added.

This iteration was made to incorporate a new field from the question protocol.

---

## Create a medical certificate of cause of death

Design of 1/10/2023 (version 7)

 **GOV.UK**

Medical Certificate of Cause of Death

Emmit Mar

**Create a medical certificate of cause of death (MCCD)**

**About the deceased person**

[Deceased person's details](#) **COMPLETED**

**About the death**

[Actions after death](#) **COMPLETED**

[Cause of death](#) **COMPLETED**

**Your details**

[Your details](#) **NOT STARTED**

In this new iteration of the screen the 'Your details' section has been removed.

This is because the APS details have already been completed during the registration process.

## To do

In this current design iteration, when an AP works in two different locations for example, they may work for a trust and for a hospice, the AP cannot change their address. The MCCD must document the AP's work address in relation to where the death took place.

Discovery/research is needed to establish at what point in the journey the AP enters the relevant address, in the instance where the AP has more than one work addresses.

Version 9

## Create a medical certificate of cause of death (MCCD)

### About the deceased person
